## DETAILED ACTION

### *Allowable Subject Matter*

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance:

Claims 1 and 15-16 have been allowed over the Kawagoe (2004/0124500) and JP03-145178 prior art because the following reason:

Kawagoe discloses in Fig. 1 all the limitations in the claims 1 and 15-16 except for an intermediate layer is disposed between the p-side ohmic electrode (120) and the p-side pad electrode (122) so as to cover a portion of said p-side ohmic electrode including an area that covers said top face of said ridge.

Whereas, JP03-145178 only shows in Fig. 1d an insulating (intermediate) layer (4) disposed between two electrodes (2 and 5).

However, there is no teaching of combination of these above prior art.

Claims 2-14 and 17-20 have been found allowable due to their dependency on claims 1 and 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
